Circus artist: Aerial hoop and contortion

Singing, acting and dancing

Profile

I am a versatile and dynamic artist who feels most at home under the spotlights. As a performer, I like to use and mix all my skills in order to create hybrid, magnetic and artistically rich acts. Many years of stage experience have given me the capacity to use my creativity and my joyfulness to deliver outstanding, vibrant performances. My goal as an artist is to give my acts to the audience, creating an intimate but grand shared moment.
